

Who are the Players?

Dinsmôre

First, I would like to say thank you. I appreciate the opportunity to work with you on the development, design and construction of a new home for your Church. This opportunity will be one of the highlights of my legal career both professionally and personally. I am sure the end result will be a project the entire Church community will be proud of and a tremendous asset to the broader community.

I grew up in Cincinnati and have lived in Cincinnati most of my life. Prior to law school, I spent four years at Purdue University and two years in Seattle, Washington. I graduated from the University of Cincinnati Law School in 1983 and immediately began practicing law at Dinsmôre. I have been a partner at the Firm for over 20 years and have always been proud of its attorneys involvement both in the legal profession and also in the communities where we practice.

My practice has been varied over the last 29+ years with no two days being the same. My clients have included nonprofit organizations, financial institutions, developers, hotels, churches, contractors, large businesses, small businesses, and many individuals. I have had the opportunity to be involved in the development of a large variety of buildings and broader developments.

I look forward to working for the Church to assist all of you in obtaining your goals. I will make every effort to always be available for questions and suggestions. Again, thank you.

Introducing CBC's Design and Review Team

The process of building a new church and family life center requires focus and extreme attention to detail. The Design and Review Team brings both those elements to the table.

Deacon Robert Starghill, Vice-Chair of the Design and Review Team is supported by Deacon Derrick Byndon, leader of the Family Life Center Committee and Trustee Wynndel Burns, leader of the Church Design Committee. These three men make up the core team and are charged with the overall design and review of the building plans for the two new facilities. They bring exceptional experience to the table as all three are professional engineers allowing them to have a broad prospective on problem solving and core competency on “building things”.

The overall goal for this team is to be in a position to present a conceptual design of our new church and family life center within 6-8 months of 2013. Conceptual square footage for both the church building and FLC has been outlined along with spatial requirements. Also, criteria for vetting and selecting an architect has been defined. The team will proceed towards conceptual designs for both buildings once the site master planning has been completed and the architect is chosen.

In their quest to understand the needs and desires of the congregation, CBC members have been asked for their input. Until a final design has been generated, the team will continue to accept and review submitted requests.

Keep on working until it's done! That's the motto of this team. They are using their skill sets to bring substance and to expand opportunity for CBC members to minister more effectively not only to each other but to the Bond Hill Community. CBC family let us continue to keep these leaders in our prayers.

Dr. KZ Smith, Pastor

Message from the Pastor

*"Bless the Lord, O my soul: and all there is within me, bless His holy name,"
Psalms 103:1*

Happy New Year! In spite of all the challenges we have faced, 2012 has been a good year. And, now we are sitting at the doorstep of another year. What is in store for us in 2013? Will it be the year that we finally get the promotion, find the job, exchange wedding vows, kick the habit, or (fill in the blank).

As we always say, we don't know what tomorrow holds but we know who holds tomorrow in His hands. Deuteronomy 11:12 assures us, "It is a land the Lord your God cares for; the eyes of the Lord your God are continually on it from the beginning of the year to its end." What a blessed assurance to know that our God cares for us and His eyes are upon us from the beginning of the year to the end of the year. Therefore, it doesn't matter what challenges we may face in 2013, our God is watching over us.

We have just experienced the wonder of Christmas in 2012, the day the world recognizes the birth of Jesus Christ. We are reminded that God cares for us. Jesus said in John 3:16, "For God so loved the world, that He gave His only begotten Son, that whoever believeth in Him should not perish but shall have everlasting life."

As the song writer declared, "many things about tomorrow I don't seem to understand, but I know who holds tomorrow, and I know who holds my hand." So as we face the uncertain future, we face it knowing that our God is watching and caring for us. His power is demonstrated in the fact that He holds our future, He is directing our steps, and causing all things to work together for our good.

Have A Blessed New Year!

Pastor Kazava Smith

What's Happening Now.....

Fall Festival Results

Saturday, October 20, 2012, the first fund raising project hosted by the Fund Development Committee was held. Although the weather was rainy and cold, the festival went forward. After all expenses had been tallied a net profit of approximately \$600.00 was raised! Overall, that was not a bad start! We must continue to work hard, be steadfast and unmovable for there is much to do. We congratulate the winner of Cincinnati's Best Gospel singing contest Lorraine Butler of New Prospect Baptist Church as well as 2nd place winner Adrienne Williams. The committee would like to thank each participant and all those who braved the weather to join in the fun.

ORGANO COFFEE

A new fund raising opportunity has come forward! An organic coffee company called ORGANO distributed by our own Melissa Chambers. CBC Members have the opportunity to go to the CBC website, CBC-C.ORGANOGOLD.COM and order coffee, hot chocolate and tea. Each time an order is placed, CBC will receive financial residuals. Corinthian family, let's be open to new opportunities! Join in and help this project to be successful. God's blessings are waiting for us!

Get The Facts!

Q: *Are all CBC Ministries being asked to develop and execute a fund raising activity/event? What sort of fund raising activities should my ministry do?*

A: *Fund raising will be an ongoing process. Though there is no set deadline for participation, all ministries are being asked to contribute their time and energy towards the creation of a fund raiser in support of our building effort. For guidance on activity related matters please see Sharon Watkins, Fund Development Chair, or one of the Fund Development Committee members*

Communications Team Mission Statement

The mission of the Executive Planning Committee (EPC) Communications team is to maintain a positive and transparent flow of communication between the EPC and CBC congregation ensuring that all updates are provided in a clear, concise and factual manner. Stir-up excitement among the congregation while engaging them to become actively involved in the building effort.
